Scarpaccio Launches new Web Site

Owners Terry and Chris are pleased to launch the new Scarpaccio Ristorante Grill & Wine Bar, new Web site: www.scarpaccioristorante.com went Live to the world Feb 14th.

After many gruelling hours of hard work, emotions and blood sweat and tears, it all came together.

Helena from Inkwell art, has a passion for and a love for what she does. I have worked with Helena before and it made the process very bearable and now fulfilled.

The Web site is very user friendly and easy to move around from page to page without the waits and the loading up of pages have been minimized. All our menus are on for you the customer to view as well as available in a PDF. Available to download if that is your desire or to print.

We have in house dining to corporate or social catering with various prices to fit many budgets.

Loads of pictures on each page gives you an idea of some of the things that we do.

The site creation was taking two businesses into one site.

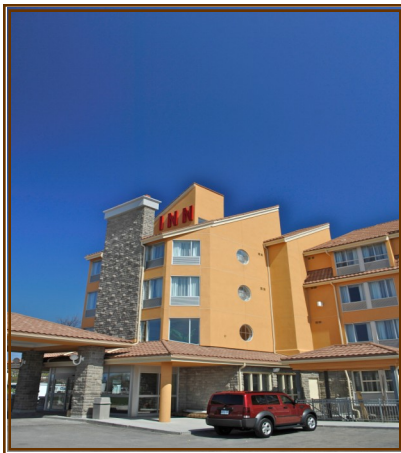

Firstly the Restaurant, and second the Hotel Conference and Catering side of the business. We are the exclusive caterer for all banquets, hotel conferences, and room service and Scarpaccio's dining room.

We needed to showcase both the restaurant and hotel banquet facilities.

Barrie's only other full service hotel.

With much of our population going to research online it was time

With the site it will help expose the restaurant to both the local community and traveller, seeking a place to eat and stay and meet.

New Menus Coming Soon

Chef Chris and his culinary team are brewing up a new menu to be launched this Spring. There are a

few items that we have established as signature items like:
*Monte Carlo Chicken,
*Lemon Shortcake,
*Pesto Shrimp,
*Chocolate Chilli Salmon,
as just a few from the current menu..

We will be introducing a new format of menu that meets our hotel guests needs.

In the past year we have had the chance to get to know many guests to find out what they look for in a restaurant when travelling. The response has been with good feed back and we have been praised by many by saying "this is not like most Hotel Food". A Simplistic Approach to old world with a twist of new world cuisine.

We wanted to grow as with any new business, we revamped the corporate meeting and social catering menus to meet our customers needs and now it is time for the main menus. Watch for its launch on our Calendar of Events.
